

The Norwegian Way
- an introduction to the Oil for ART-program

By Amund Sjølie Sveen

Tech rider (Feb. 2010)

Performance in lecture-style; one performer giving a lecture.
PowerPoint projected from computer.
Music played on wine glasses.

IMAGE:

- Projector and screen or white wall. NB: image minimum 300 cm wide
- VGA-cable (or DVI) long enough for computer to be placed on stage next to screen

SOUND:

- Amplification of voice: 1 microphone (any kind is ok; with wire, wireless, dynamic...)
- Stereo line out from computer (mini jack. Computer is placed on stage)
- Amplification of glasses: 1 condenser microphone on stand

LIGHT:

- Simple light to make the performer and podium visible (without spilling onto the screen/white wall). Could be theater lights or simple office lamp placed on podium.

OTHER NEEDS:

- Podium or high table ("coffee shop table") to stand by, for placing computer and manuscript
